Dear Parents and Carers,

As you know, we are Supporting the Stamford Cyberwise Campaign, headed up by The Conversation Stamford, which aims to change the way children and young people interact with their smartphones, in order to improve mental health and wellbeing.

There are various elements to the campaign, many of which will be cropping up in the school calendar in the new year:

- **A parent pledge** -you can now sign up to the pledge at the link below
<https://www.theconversationstamford.co.uk/cyberwise-signup.aspx>
- **Webinar** - An online informative webinar for parents/carers webinars in January
- **Focus Groups** - Children at school will take part in some focus groups, looking at some new phones and sharing their ideas
- **Parent Workshops** - The Conversation will be offering support and advice sessions in school to help parents manage their children's smartphone use

We will confirm these dates as they are set,

Do follow the progress of the campaign on their social media pages.

Many thanks,
